Dedicated COVID-19 Testing Lab Launched for RMG Workers in Bangladesh

A COVID-19 testing lab, having capacity to test 400 samples daily, for the country's readymade garment workers was launched at Chandra on 04 June 2020. Bangladesh Garment Manufacturers and Exporters Association (BGMEA) in cooperation with Diabetic Association of Bangladesh took the initiative to set up three PCR (Polymerase Chain Reaction) laboratories at Chandra, Tongi and Naraganganj. The other two will be launched shortly.
